- If your child is unable to use fasteners on pants, please consider pants with elastic that they can pull up and down on their own to teach them independence and self-help skills.
- If your child is not able to tie his or her shoes at this time, please consider Velcro shoes. We will practice tying with appropriate materials within our class and let you know when they are ready for laces.
- Diapers or pull-ups that are re-attachable if your child requires them at this time.
- Please remember that we have a snack time to practice functional and communication skills, so please send snacks that your child likes weekly so that they can participate in this important activity.
